MEMORANDUM  
Department of Police

**APPROVED  
CHIEF OF POLICE**

A handwritten signature in black ink, appearing to be "SC", written over the "APPROVED CHIEF OF POLICE" stamp.

DATE: May 30, 2014  
TO: Samuel Ceballos, Jr., Chief of Police  
FROM: *Derrick Bowman*  
Derrick Bowman, Operations Lieutenant  
RE: Traffic Warning Signs installation (SW 70<sup>th</sup> Avenue and SW 134<sup>th</sup> Street)

In regards to the citizen request for the installation of traffic signs on SW 70<sup>th</sup> Avenue and SW 134<sup>th</sup> Street, the following recommendation is submitted. An analysis of the above listed location was conducted and found that there is a current need for the installation of (2) Right/Left turn signs with sharp turn symbol and (2) Slow Down Speed Limit 15 MPH undersigns (See attachments 4-9).

The right turn (with sharp turn symbol) sign and (1) slow down speed limit 15 MPH undersign should be installed on SW 70<sup>th</sup> Avenue, at 100 feet south of the right turn Apex. The left turn (with sharp turn symbol) sign and (1) slow down speed limit 15 MPH undersign should be installed on SW 134<sup>th</sup> Street, at 130 feet east of the left turn Apex (See attachments 1-3).

Sign Dimensions:

- Right Turn sign (with Sharp Turn Symbol) 30" X 30" Ht: 30" Wd: 15" C: 1.875"
- Left Turn sign (with Sharp Turn Symbol) 30" X 30" Ht: 30" Wd: 15" C: 1.875"
- Slow down Speed Limit 15 MPH undersign 18" X 24" Ht: 24" Wd: 18" C: 3" D: 18"

Note: each sign should be installed on a standard green post with regards to Miami Dade County traffic engineering standards.

It is my opinion that the installation of the above listed warning signs at the listed locations will greatly reduce the likelihood of a traffic incident occurring at this location. Upon approval of this request the Operations Lieutenant will coordinate with the Village of Pinecrest Public Works Department with regards to the installation location of the proposed signs.
