FOR IMMEDIATE RELEASE

Village Council agrees on three new measures to increase public safety in Pinecrest

Pinecrest, FL – The Village Council took decisive action at Tuesday's budget hearing in addressing crime issues in the Village. The Village Council approved three measures to increase public safety for Pinecrest residents. It appropriated \$495,000 for a License Plate Reader System which would place a camera at the 37 entryways to the Village. The system is designed to send alerts to police dispatch in real-time. The Village Council also approved the addition of five new police officer positions and approved the use of forfeiture funds to establish a K-9 unit program.

These combined public safety measures augment the police department's ability to protect residents and property. It is the goal of this administration to meet the concerns of residents with innovative ideas that have proven results.
